

ALLEDO

SWISS MADE CITY FURNITURE

ALLEDO

HIGH-CLASS CITY FURNITURE
FROM SWITZERLAND

Should urban furniture be designed to be discreet, to fade into the background? Or should it make a statement? Maybe even a loud one? We've given these questions a lot of thought – and decided that the best person to answer them is you.

The defining element of our products? Unbeatable craftsmanship, the highest quality materials and first class design. Our urban furniture is made to last a lifetime – and to genuinely help you save money.

SWISS MADE

ALLEDO

SWISS MADE QUALITY
AT ITS FINEST. SINCE 1938.

With almost 80 years of manufacturing experience and over 40 years of expertise in the production of city furniture, we are old hats when it comes to urban design. We've been delivering Swiss quality at its finest since 1938. ALLEDO comes with a long history of tradition. It remains a family-owned

company to this day, and we are proud to say that all our furniture is designed and produced in-house. We are the trusted partner of almost every major railway operator in Switzerland, and you can also see our products at the heart of countless cities and communities across the country.

SWISS MADE

ALLEDO

NEW COLLECTION 2017

In 2016, we were joined by our in-house industrial designer Lionel Eaton, who has been working with us to bring you the cutting edge in urban furniture. This marks a new generation of street furniture, which goes a step beyond our City Möbel range

– more functional, clearly identifiable, with faster production times and tailormade solutions.

HORIZON

THE VALUE OF MINIMALISM

HORIZON

THE VALUE OF MINIMALISM

SWISS MADE

HORIZON THE VALUE OF MINIMALISM

Perfectly balanced, reductionist design, made with the best quality materials. This is our HORIZON bench. No back means it can be used from both sides, offering space for up to four people. Defined by subtlety, HORIZON sits low and is designed to blend into any background. Suitable for indoor and outdoor use.

SWISS MADE

ESPACE

COMFORTABLE LUXURY

Not just a pretty face – alongside eye-catching elegance, the ESPACE bench also offers ergonomically proven comfort and an ideal place to enjoy a coffee and read the paper, or simply watch the world go by. Specially crafted stainless steel armrests, a broad seat and a substantial backrest make for a stand-out piece. For those who want something a bit different, ESPACE is also available with a textured pattern.

BARCA INVITING INDIVIDUALITY

More than a bench. More than your average seat. BARCA offers unlimited seating potential, and can be arranged in various ways to create a variety of new spaces. It can be combined with connecting tables or plant pots to structure space in public areas. BARCA combines bold, individual design with flexibility and adaptability. Suitable for anywhere from museums to schoolyards, indoors or outdoors, it offers seating for up to ten people wherever it's needed.

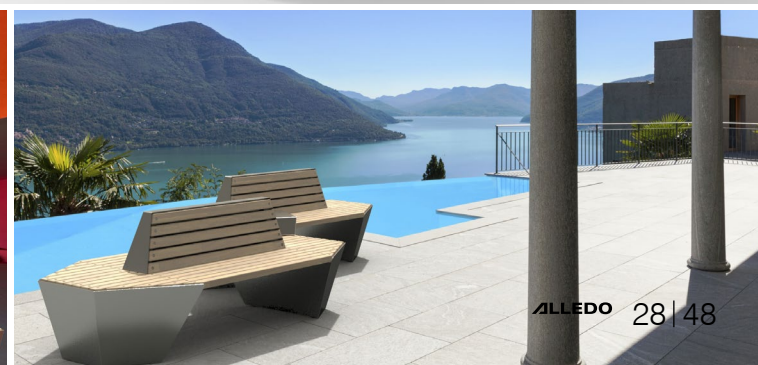

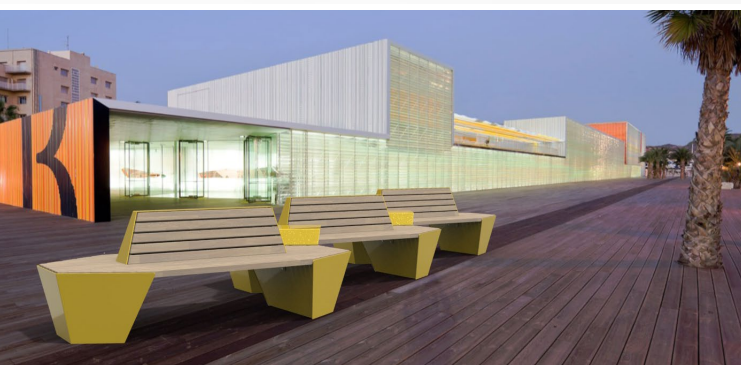

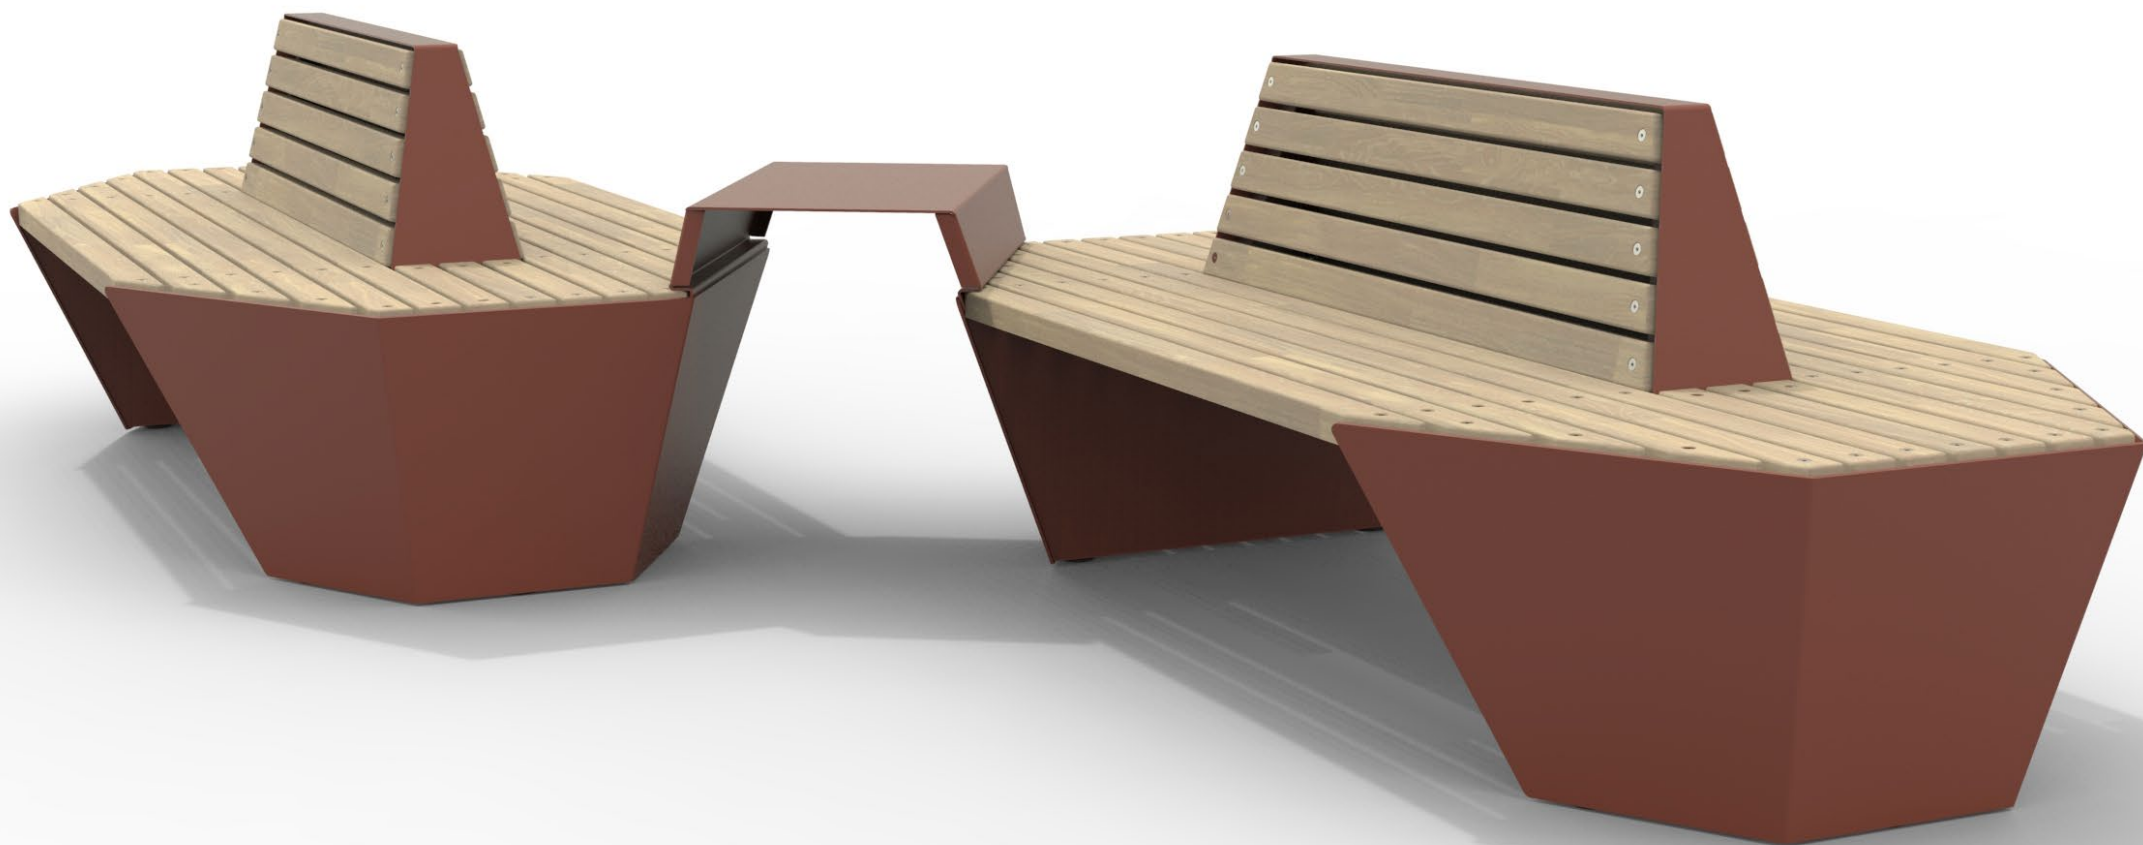

SWISS MADE

CITY

A SWISS DESIGN CLASSIC

This waste bin is a design classic. Harmonious proportions, robust construction made from 3mm strong stainless steel sheets and easy-to-handle – it's one of the most successful waste disposal items in Switzerland. All variants of our CITY waste bin can be used from both sides. The finishing touches in production give it its distinctive sheen, making it the final word in urban waste disposal.
